

### Help us give you good compost!

You would like to have good compost for your gardens? It's up to you! We are noticing an increasing amount of plastic bags in the compost. We'd like to remind you that **ONLY PAPER** bags and bags labelled **COMPOSTABLE** are accepted in the compost bins. It's simple:

✓ **Compostable** bags = **COMPOST**

✗ **Biodegradable** or **oxo-biodegradable** ≠ Compost

### WHERE TO FIND APPROPRIATE BAGS

**Ayer's Cliff: INTERMARCHÉ**  
**Elsewhere: CANADIAN TIRE, RONA, C00P, IGA**
