

THE ECOCENTRE IS HERE FOR YOU!

To dispose of your bulky
items and other waste in
the right places!

HOW DOES IT WORK?

You are responsible for transporting your materials to the Ecocenter. Once on site, an employee will greet you and explain the procedure. All you have to do is sort your items yourself and place them in the appropriate containers.

ACCESS TO THE SITE AND SPECIFICATIONS

To be eligible for the service, you must meet the following specifications:

- ✓ Be a resident of Ayer's Cliff or Hatley (proof of residence **required**)
- ✓ Access the site with a passenger vehicle (car, SUV, pickup truck) with or without a trailer.
- ✓ Transport waste that is exclusively from domestic and non-profit sources.

Your access to the site will be denied if:

- ✗ You do not provide proof of residence
- ✗ The materials come from commerce or industry;
- ✗ You wish to access the site with a vehicle other than a passenger vehicle.

RULES

Customers must sort, deposit, and unload their materials themselves at the appropriate locations.

The municipality reserves the right to impose limits on residents in special cases.

It is strictly prohibited to leave materials on site outside of opening hours.

IMPORTANT INFORMATION

- 📍 1067 Westmount Street, Ayer's Cliff
- ☎ 819-838-5006
- ✉ info@ayerscliff.ca
- 🌐 www.ayerscliff.ca/eco-centres

MATERIALS NOT ACCEPTED

Agricultural plastic

For residents of Ayer's Cliff, no collection service is available.

For Hatley residents, please use the collection services provided in the collection schedule.

Styrofoam

Please use the regular recycling collection services provided in the collection calendar.

Mattress

For residents of Ayer's Cliff, please register for bulk waste collection.

For residents of Hatley, please use the collection services provided by the Ressourcerie (1-855-804-1018).

Construction materials

You can dispose of them at the following site (fees apply):

GFL Environnement
435, rue Ernest-Lafaille, Coaticook
819-347-5802

Household waste

Please use the regular collection services provided in the collection schedule.

Branches (> 4 inches in diameter)

AND

Other hazardous household waste

You can dispose of them at the following site (fees apply for branches):

Régie intermunicipale de gestion des déchets solides de la région de Coaticook (RIGDSC)
1095, chemin Bilodeau, Coaticook
819-849-9479

WHAT IS AN ECO-CENTER FOR?

This service significantly reduces the volume of waste sent to landfill, increases the potential for recovering recyclable or recoverable materials, and promotes the reuse of a wide variety of items.

NEW: REUSE SECTION Choose to reuse!

Do you have furniture or electronics in good condition that you no longer use? Rather than throwing them away, bring them to our reuse section at the eco-center!

Reusable items are collected and made available to citizens free of charge, with the aim of encouraging reuse.

To see what's available, visit the eco-center.

DISTRIBUTION OF COMPOST AND WOOD CHIPS

Compost and wood chips are available for residents to collect free of charge, while supplies last.

The compost is provided by the Régie des déchets (waste management authority) and comes from your compost bins. The more you compost, the more compost the municipality will collect the following year.

Wood chips are delivered regularly after tree shredding operations.

RESERVED FOR RESIDENTS OF AYER'S CLIFF AND HATLEY

Proof of residence required
